

Royal Sovereign International Announces The Expansion of Their Dye Sublimation Division With Introduction Of SpectrumDS Dye Sublimation Paper.

Rockleigh New Jersey – July 1st 2016 – Royal Sovereign International is pleased to announce the arrival of their complete line of SpectrumDS Dye Sublimation Transfer Paper. The versatile line-up includes Active 70 and 90 gram dye sublimation paper, ideally suited for sports and active wear production and 70 and 90 gram Flex, a multi-purpose solution. Both Flex and Active, are available in 44” or 64” widths.

“We are ushering in a new chapter of Digital Print Finishing” Said Carl Hoffman Director of Sales, “Dye Sublimation Transfer is on the rise across Europe, Latin and South American and we are excited to be at the forefront of the growth of dye sublimation market in the United States and Canada.”

Conforming to the highest standards of European ingenuity and engineering each line of Royal Sovereign dye sublimation transfer paper has been specially coated to offer a new standard in Dye Sublimation Paper. SpectrumDS transfer paper is able to accept most inks (highlights include: Epson UltraChrome DS, Kilian Digistar Hi-Pro/HD-One and Sawgrass SulbIM) and produces a vibrant and rich transfer.

SpectrumDS Dye Sublimation Transfer Paper will be available for purchase beginning in July 2016. Sample rolls are available upon request. For more information visit us at www.royalsovereign.com .
